Subject: FW: getting files from building on 4/1/20

Note that Kip will be using copier number 8 adjacent to his cubicle (by Dan's office). Kip details his route below.

Subject: getting files from building on 4/1/20

Hi Craig,

I need to access the building to get the Kampachi public comments that were received via mail and fax (paper files). I need these files so that we can analyze and respond to these comments.

I plan on obtaining the files and using the copier to create electronic files so that the team can analyze the comments. I will limit exposure to my cube, the copier room, and travel route in and out of the building.
